Summary of Business since the Organization of the Company in 1845.

**RECEIPTS.**

Amount of Premiums received from May 1, 1845, to January 1, 1872.....	\$44,416,322 50
Amount of Interest received from May 1, 1845, to January 1, 1872.....	9,199,970 11
Total Receipts.....	\$53,616,292 61

**DISBURSEMENTS.**

Paid for Losses and endowments.....	\$11,277,227 84
Paid for dividends or return Premiums.....	11,313,417 13
Paid for surrendered Policies.....	2,344,019 74
Paid for Management, Commissions, Taxes, etc.....	5,439,832 09
	<u>30,374,795 80</u>

Total Assets, Jan. 1, 1872, \$23,241,795 81

Showing that of the entire receipts the Company retain 43.35 per cent, as a reinsurance fund and surplus :

That 46.50 per cent. has been returned to members or their families, for losses, return premiums, and surrendered policies :

And that only 10.15 per cent. has been expended for all other purposes, including taxes, commissions, and all expenses of management.

As dividends are paid at the end of the second year, the above amount represents the sum paid on premiums received up to January 1, 1870, and is 34.02 per cent. of said premiums.

These results are more favorable to the insured than those presented by any Company in the world.

## PREFACE.

---

The Seventh Edition of the Long Island Directory is herewith presented. Its patrons will easily discover, in this Edition, a new and important feature, not hitherto embraced within the scope of the Directory or the range of its information. In all our preceding Editions, as our friends will remember, the business interests of Brooklyn have been left comparatively untouched. The time, however, having arrived for the publication of the Directory in a more extended form, it will now be found to include much information under the special head of Brooklyn, not heretofore attainable from the pages of local publications. While the usual care—with vastly augmented expense and labor—has been devoted to the preparation of the present Edition, some few inaccuracies, not necessarily affecting its general reliability, may possibly be found on a critical examination of the work. Yet the publisher flatters himself that, as a business compilation, now, to a great extent, embracing within the area of its enterprise the second commercial city of the Empire State, it will be found literally exact in all its local details and business classifications. In this confidence, in the usual good faith, the Long Island Directory, in its present improved and extended form, puts forward an additional claim to popular encouragement and patronage.

# ST. JOSEPH'S ACADEMY,

FOR YOUNG LADIES,

Flushing, Long Island,

---

This Academy, conducted by the SISTERS OF ST. JOSEPH, and under the patronage of Right Rev. J. Loughlin, Bishop of the Diocese, is situated six miles from New York city. Flushing is an old village, long noted for its nurseries and beautiful gardens, and lies upon an inclined plane, rising from the Bay eastward until it overlooks the surrounding country, Flushing Bay, the East River and Long Island Sound, and the Palisades on the Hudson. The Flushing and North Side Railroad runs thirty-eight trains daily between New York and Flushing, making the trip to and from the city of New York in less than half an hour, and the traveling accommodations are unsurpassed. The cars are reached by Thirty-fourth Street Ferry and James Slip.

## COURSE OF STUDIES.

Orthography, Reading, Writing, Grammar, Rhetoric, Logic, Composition, History, Natural Philosophy, Modern and Ancient Geography, Astronomy, Botany, Chemistry, Physiology, Biography, Arithmetic, Book-keeping, Algebra and Geometry, German, French and Latin Languages, Music on the Piano, Organ and Harp, Vocal Music, Drawing and Painting in Water Colors, Plain and Ornamental Needle-work, Wax, Hair Work, &c.

The year is divided into two equal sessions; the first commencing the 1st of September, the second the 1st of February.

## TERMS.

BOARD AND TUITION, WITH USE OF LIBRARY, per session, payable in advance . . . . .	\$120 00
WASHING AND MENDING, WITH USE OF BED AND BED- DING, per annum . . . . .	10 00

## MUSIC EXTRA.

Pupils of all denominations received; and, while the utmost care is taken in the religious instruction of the children of Catholic parents, there is no interference with the children of those of a different belief. For the sake of good discipline all are required to be present at the public exercises.

For further particulars apply to the Rev. Clergy of the Diocese.

The undersigned, thankful for past favors from his numerous customers and friends in the **MENHADEN OIL BUSINESS**, would make them further acquainted by the above illustration, of the various improvements he has made in the perfect adaptation of the **HYDRAULIC PRESS** to the ease and rapid method of expressing Oil from **Fish, Cider from Apples, Wine from Grapes**, and other substances of a like nature. This Press consists of a Hydraulic Ram and Cylinder, of sixty or more tons pressure. Rods of Iron, Platens of Wood or Iron, with double Hydraulic Force Pumps and connections. These Pumps may be run by power or by hand, are so arranged by valves, that the Press may be run up, stopped, or lowered, at any point of its movement. The person working the Press, by the use of these Valves has the most perfect control of the Pumps. These Valves and Pump Packings are so arranged, that they may be easily taken out, or put in without disarranging any other part of the Pump. This Hydraulic Press, arranged in the manner described, is capable of pressing, from **two to three hundred thousand Fish** in ten hours. Also, Hydraulic Jacks and Punches, make single and double Hydraulic Stop Valves, Relief and Check Valves, Hydraulic Pipe Couplings, Hydraulic Pipe, Curbs of Wood and Iron, Truck and Car Wheels, Axles, Patent Clutch Pulleys, Shafting, Hangers, Pullies and Gearing, Steam Pipe and Fittings. **Pattern Making, Blacksmithing and Repairing**, promptly attended to.

CHAPTER I

The first part of the world's history is the history of the human race. It is a history of progress and improvement. It is a history of the human mind and its powers. It is a history of the human soul and its desires. It is a history of the human body and its needs. It is a history of the human community and its interests. It is a history of the human world and its destiny.

The second part of the world's history is the history of the human race. It is a history of progress and improvement. It is a history of the human mind and its powers. It is a history of the human soul and its desires. It is a history of the human body and its needs. It is a history of the human community and its interests. It is a history of the human world and its destiny.

The third part of the world's history is the history of the human race. It is a history of progress and improvement. It is a history of the human mind and its powers. It is a history of the human soul and its desires. It is a history of the human body and its needs. It is a history of the human community and its interests. It is a history of the human world and its destiny.

Particular attention paid to Furniture and Out-door Sales.

---

Persons in want of farms, will find on our Book farms of all grades, from \$1,000 to \$50,000. Said farms are distributed so as to reach almost every County in the States of New York and New Jersey; and also in many other States.

Parties wishing to buy, sell or exchange, will find it greatly to their advantage to have such properties entered upon our Book. No charge unless sold or exchanged.

Houses in all parts of the City for sale or exchange; also Western and Southern land for sale or exchange in quantities to suit.

Also Railroad Stocks and Bonds bought, sold and negotiated.

Look up your old Stocks and Bonds, and bring them forward, and turn them into money.

# WATERS' NEW-SCALE PIANOS

WITH IRON FRAME,

Overstrung  
Bass and

Agraffe  
Bridge.

## Melodions and Cabinet Organs.

THE BEST MANUFACTURED. WARRANTED FOR SIX YEARS.

**A GREAT OFFER!!!**

## Horace Waters,

481 BROADWAY, NEW YORK,

Will dispose of One Hundred Pianos, Melodeons and Organs of six first-class makers, including Waters', at EXTREMELY LOW PRICES FOR CASH, or will take from \$4 to \$15 monthly, until paid; the same to let, and rent applied if purchased. New 7-octave Pianos, modern improvements, for \$275, cash. A new kind of Parlor Organ, the most beautiful style and perfect tone ever made, now on exhibition at 481 Broadway, New York.

### TESTIMONIALS.

The WATERS' Pianos are known as among the very best.—*N. Y. Evangelist.*

HORACE WATERS, 481 Broadway, is famed for the excellence of his Pianos and Organs.—*Evening Post.*

The WATERS' Piano ranks with the best manufactured in America.—*The Independent, N. Y.*

We can speak of the WATERS' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

We have one of Mr. WATERS' Pianofortes in our residence, (where it has stood for years) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on said piano, and all pronounce it a superior and FIRST-CLASS INSTRUMENT. Stronger indorsement we could not give.—*Home Journal.*

Sir.—The Organ was duly received, and we return to you the thanks of the Teachers' Association, for your generous donation of seventy-five dollars on the instrument. The Organ is all that we expected it to be, and gives entire satisfaction to all.

CHAS. R. DOUGLAS, Washington, D. C.

We are very well pleased with the organ, which is pronounced a good instrument by those who profess to know.

Mr. S. WITT, Fort Littleton, Pa.

So far, the WATERS Organs give No. 1 satisfaction—the Mason & Hamlin notwithstanding.

C. F. ECKHART, Dacotah City, Neb.

The Organ you sent is highly appreciated by the freedmen here. It is in the Second Baptist Church, and used at nearly every service. We think the tone is very sweet, and the action remarkably easy. Thanking you for the liberal donation, we remain, yours respectfully.

H. M. TUPPER, Prin., H. M. SAGE, Assistant, Raleigh, N. C.

To say that we were well pleased with the Organ would be but a faint expression of our gratification. Several of our neighbors have called to see it, and pronounce it "splendid." Please accept my thanks for your kind favor, &c.

Mrs. M. L. BENNETT, Athens, N. Y.

RESEARCH REPORT

1968

The first part of the report discusses the general situation of the economy in the United States during the period 1960-1968. It notes that the economy has been characterized by a period of relative stability and growth, with a steady increase in the rate of inflation. The report also discusses the impact of the Vietnam War on the economy, and the role of government intervention in the economy.

The second part of the report discusses the impact of the Vietnam War on the economy. It notes that the war has led to a significant increase in government spending, which has contributed to the inflationary pressure. The report also discusses the impact of the war on the labor market, and the role of government intervention in the economy.

The third part of the report discusses the role of government intervention in the economy. It notes that government intervention has been a key factor in the economic growth of the United States during the period 1960-1968. The report also discusses the impact of government intervention on the labor market, and the role of government intervention in the economy.

The fourth part of the report discusses the future of the economy. It notes that the economy is likely to continue to grow, but that there is a risk of inflationary pressure. The report also discusses the role of government intervention in the economy, and the impact of government intervention on the labor market.

# SONGSTER.

Our New Six-Hole Plain Range, for Wood or Coal, with or without  
Water Back.

**EVERY RANGE WARRANTED.**

We claim that in **STYLE, ORNAMENTATION** and **OPERATION**, there is **NOT THE EQUAL**  
to this Range offered in the Market. Address all orders to

**BURTIS, GRAFF & RICE, Manufacturers,**  
**206 WATER STREET, New York City.**

[The text in this section is extremely faint and illegible. It appears to be a list or a series of entries, possibly containing names and dates, but the characters are too light to transcribe accurately.]

# The "Burtis" Furnace.

PATENTED JUNE 6th, 1871.

BASE-BURNING OR SURFACE-BURNING, BRICK-SET OR PORTABLE  
Sold by our Agents Everywhere.

# The "Burtis" Furnace.

---

## 1.—Its Peculiar Construction.

*Every joint is horizontal* and double packed, making the escape of gas impossible.

*Every part is cast iron*, so that you will have no sheet iron tubes or drums to burn out or rust out.

*Every square inch* is direct radiating surface, making it relatively the most powerful heater in the world.

*Every flue is easily accessible*, so that to clean the furnace thoroughly, not a bolt will have to be removed.

*Every part* at all liable to get out of order may be replaced without taking down the heater.

## 2.—It Excels all Others

*In the Extent of its radiating surface.*

*In its combustion flue and chamber combined.*

*In the supply coal magazine.*

*In its perfect operating Grate.*

## 3.—Valuable Testimony.

*The essential features* which we insist upon in order to have a complete hot air furnace, we find anticipated in the scientific construction of the *Burtis Furnace*," and it cannot fail to meet with great success.—From *The Manufacturer and Builder*.

Leading Architects and Builders have pronounced the *Burtis Base Burning Furnace the most desirable furnace ever invented*, in that it has the largest radiating surface, consumes its own gases, is a perpetual burner, and circulates the air in the purest state and largest volume. We have ordered one for our own residence.—*N. Y. Evening Mail*.

## 4.—Why Purchase the Burtis Furnace ?

*Because* it is the result of years of study, *is scientifically constructed*; avoids every objection to furnaces hitherto offered to the public, and *CANNOT FAIL TO PLEASE YOU*.

*Because* it has no sheet iron pipes or drums, is very durable, consumes all the gasses, and *WILL RETAIN FIRE ALL WINTER*.

*Because* it forms no clinkers in the fire-pot, *CANNOT GET OUT OF ORDER*, may be easily cleaned, and is the most powerful heater in the world.

*Because* it will warm your house with a *HEALTHFUL ATMOSPHERE*, may be perfectly controlled, and any ordinary servant can manage it.

# THE BURTIS

FIRE-PLACE HEATER.

*Self-Feeding. Base-Burning.*

WHAT WE CLAIM OVER ALL OTHERS :

Greater Power—Greater Convenience—Greater Economy—  
Greater Beauty—Greater Durability—Base-Burning—  
Self-Feeding—Revertible Flues—Easily  
Cleaned, Etc., Etc., Etc.,

WHAT WE PROMISE :

Every Heater shall be well made and mounted, and warranted to give Satisfaction.

**BURTIS, GRAFF & RICE, Manufacturers.**

*206 Water Street, NEW YORK.*

# THE BURTTIS

## COMBINED

### FIRE-PLACE HEATER AND FURNACE.

---

1st. *It is Self-Feeding and Base-Burning*, and consequently is a *perpetual burner*. We guarantee that if the Reservoir be kept filled, and the Grate be shaken twice each twenty-four hours, *the fire will not require re-kindling during the entire winter*. If this be not so, we will take back our heaters, and refund the money paid for them.

2d *It is most Durable and Powerful*. It is all of *Cast Iron*. We might construct it of sheet iron much cheaper, but in a little time it would become spotted with rust, and soon would be ruined.

*In Power, there is no heating apparatus equal to it*. Its revertible concentric flues form three distinct heating surfaces, which are in immediate contact with two ascending sheets of air, so that the products of combustion are wholly expended within the heating chamber, or are radiated directly into the room.

3d. *It has a "Duplex" Counter-Action Grate*. There is no Grate equal to it in the world. It never clogs; clinkers never accumulate in the fire-pot; the fire never need get low; a child can shake or dump it.

4th. *It has the largest and only perfect Reservoir in use*. It will hold a supply of coal for twenty-four hours, and is so constructed that it absolutely prevents kindling through the reserve coal in the Reservoir. This feature alone is worth the price of the heater.

5th. *It is a Perfect Burner*; consumes its own gas; is controlled by one damper; will scarcely ever require repairing; a child can clean every flue; is free from dust when the grate is shaken; is unequalled in Beauty, Power or Convenience; is worth ten times its cost to any one requiring such an invention.

---

## THINGS TO REMEMBER.

"Your Fire-Place Heater is Perfect."—T. H. TODD, Ed. Star.

"We could not get along without it."—T. H. BOYNTON, N. Y.

"Fully overcomes all the objections hitherto urged against fire-place Heaters."—R. F. WEIR, M. D.

"Far exceeds my expectations."—Rev. Dr. Hall.

☞ We have thousands of similar testimonials.
